

Soil and Stones, Souls and Songs

Preschool Activity Sheet

Falcon Maze

Can you help our feathered friend find his way back home?

Falcons are birds of prey who live in grasslands, preferably with trees or cliffs. They are swift fliers with powerful beaks, which they use to eat and catch their prey. In 2012, Saker Falcons were named as the national birds of Mongolia.

Guess the word

Can you guess these three forests around the world?

1. This Rainforest can be found in Brazil and it stretches across nine countries. This rainforest is home to various dangerous species of animals, such as electric eels and the Pirarucu fish.

A _ _ z _ n

Answer: Amazon

2. This is the second largest tropical forest in the world that can be found in Africa. Not only are there 10,000 animal species living in the area, there are several nations that share this forest; namely- Cameroon, the Central African Republic, the Republic of Congo, the Democratic Republic of Congo, Equatorial Guinea and Gabon.

C _ ng _

Answer: Congo

3. This forest is politically divided between Indonesia, Malaysia and Brunei. And you can only find a specific kind of Orangutan here!

B o _ _ n _ o

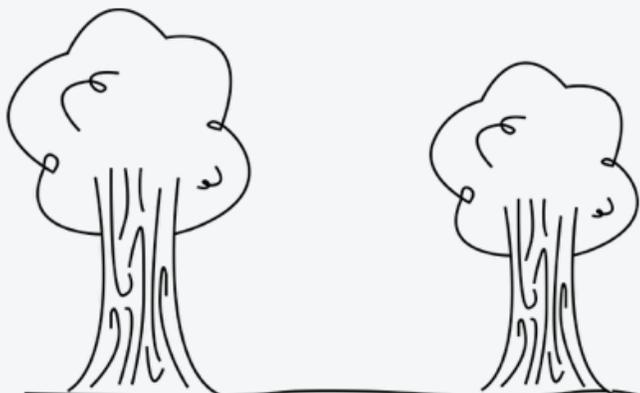

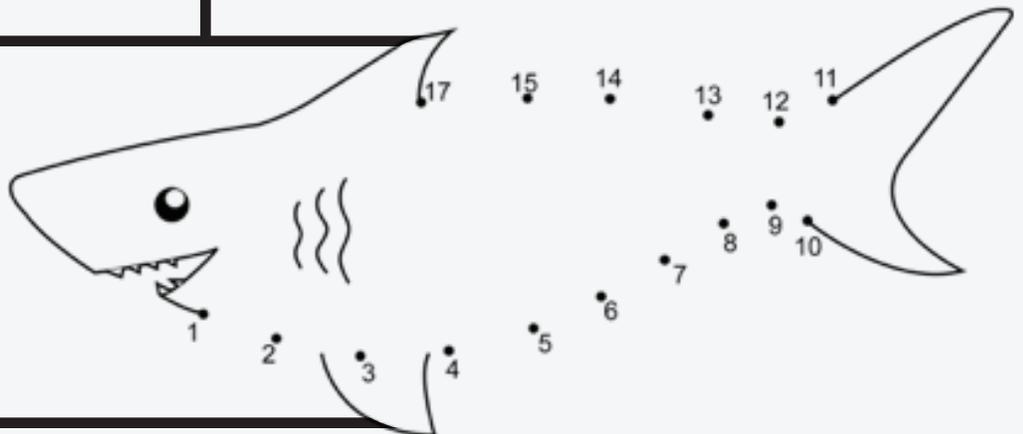

Answer: Borneo

Finish the drawing!

Help us finish the drawing by connecting the dots!

Did you know?

Sharks have been around for 400 million years! Some kinds of sharks can range from 5 inches to 45 feet.

Draw your own tree!

Can you finish this painting by drawing your own tree? Take inspiration from the two trees and color them in!

Can you list down all the uses trees provide for us?

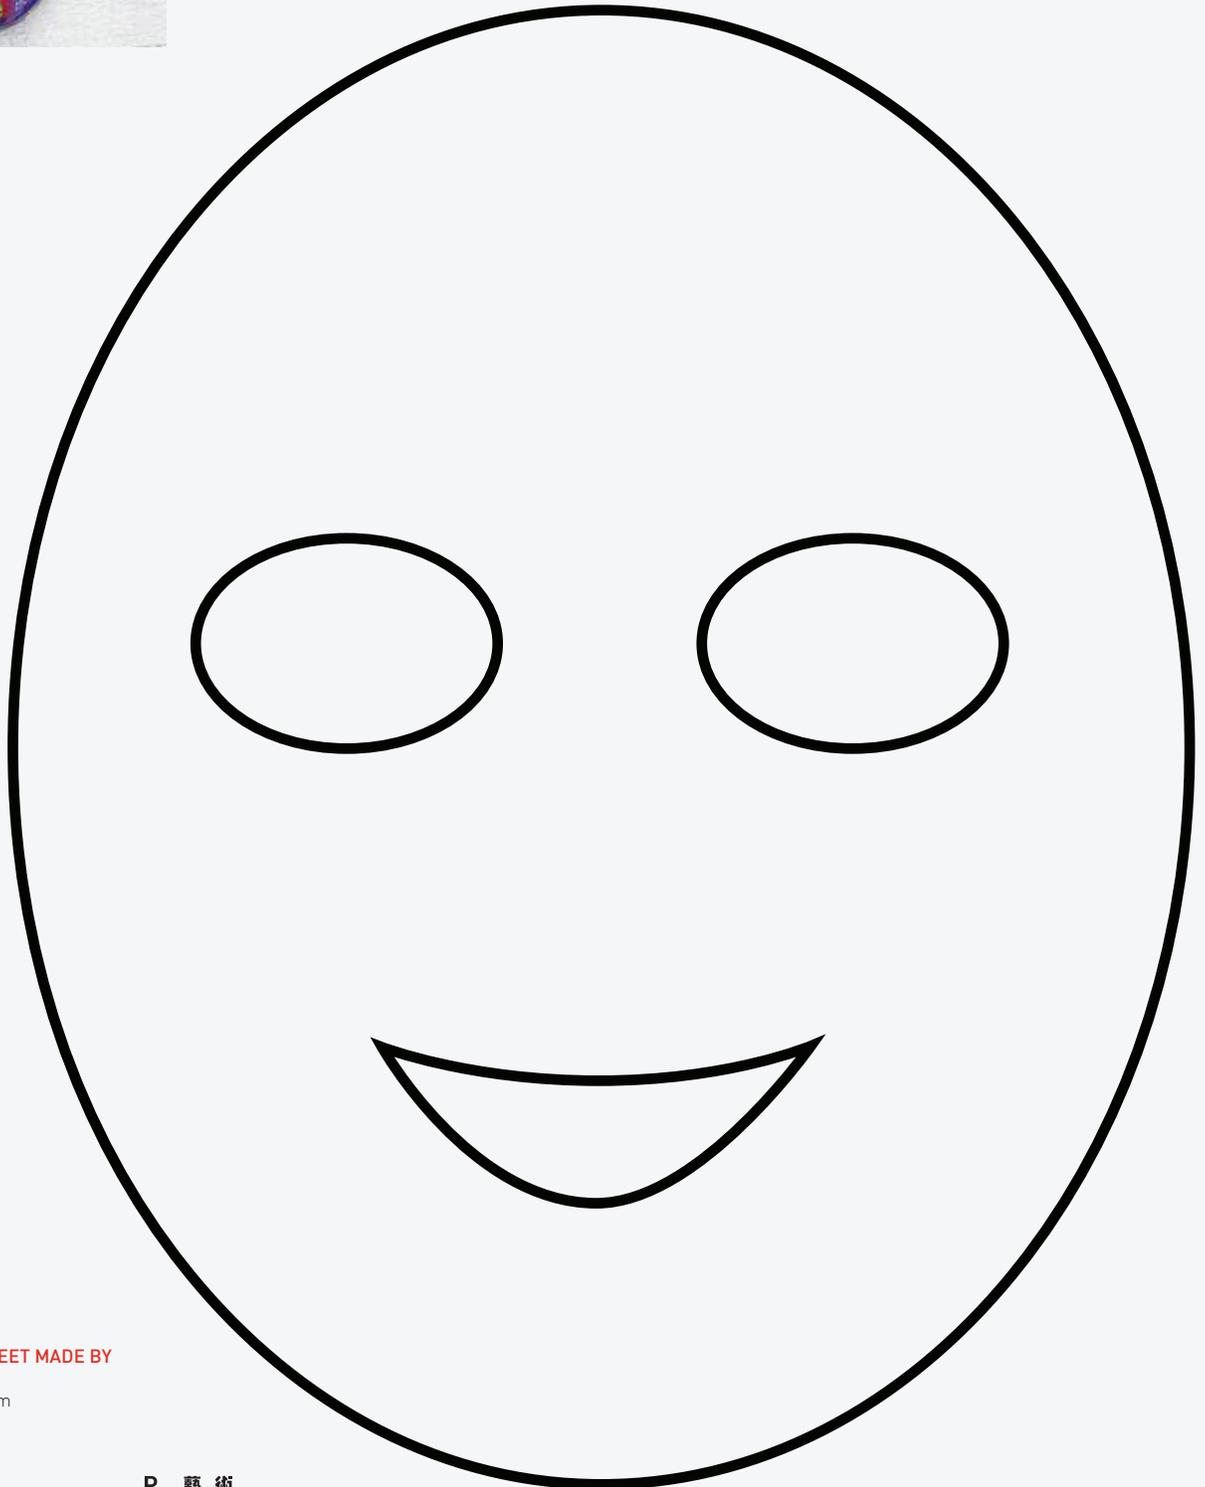

Another cool activity at the back!

Let's get creative!

Masks like these have been used for ancient traditions in Mexico. Priests used masks to summon power from different deities. Masks were also used during ceremonial dances and celebrations!

Create your own Mexican inspired mask using this template!
Make sure to use some coloring materials to make it bright and vibrant!
