3:45-4:30 PM Open Forum with audience with closing remarks

This month's MCADxMoving will coincide with the Aminahenasyon Festival of the Animation Council of the Philippines and the French Film Festival of the Embassy of the Republic of France in the Philippines and the Institut Francais. It will present a selection curated by seasoned visual artist, art manager, and educator Sandra Palomar-Quan of Foundation University in collaboration with the Creative Industries Management and Animation Programs of the De La Salle-College of Saint Benilde (DLS-CSB).

The highlight of the 3-day event is a series of lectures with industry experts. Animation Council of the Philippines Executive Director and Benilde Animation faculty member Daniel Enriquez will speak on the growth of Animahenasyon, an initiative that provides a venue for Filipino creatives to showcase their ideas and meet established industry experts.
